

# Compare and Contrast Chart Activities

## **Whole Class or Large Group T-Chart or 3 Column Chart**

Model and/or work together to chart the similarities and/or differences of various things. [characters, books, settings, book vs. movie, pets, animals, pictures, real animals vs. animals in a story, songs, solutions to similar problems in stories, etc.]

## **Centers or Small Group T-Chart**

Students choose a way to sort the images, Similar or Different. Then, students sort the images, placing them in groups based on either their similarities or differences and explain their decisions.

## **Independent Work**

Students work on a chart [2 or 3 columns] comparing the specified things [books, characters,...] from from their reading.
